Our Journey

1987

IFCA Incorporated

We began our journey as a business software solutions provider specialising in construction and property industries on 23rd April 1987.

1989

Launched Unix Product

We started with the DOS operating system and then migrated to Xenix before it was replaced by the Unix platform.

1991
-
1995

Established Malaysian Branches

In order to provide localised services to our customers, we expanded our reach to other states including Penang, Johor, Sarawak, Sabah and Pahang.

1991

Expanded To Indonesia

We started having talks with an Indonesian firm on distributing our software in the country.

1995

Launched Windows Product

In line with our continuous efforts to improve our products according to the latest emerging technologies, we replaced the Unix platform with our Windows-based application software.

1998

Awarded MSC Status

On 22nd January 1998, we were accorded MSC status due to our efforts in promoting local R&D and the push to export local software products overseas. This initiative was in line with the Government's MSC initiatives at that time.

2003

Listed on MESDAQ Stock Exchange

We were listed on the Malaysian Exchange of Securities Dealing and Automated Quotation Berhad (MESDAQ) on Bursa Malaysia on 30th July 2003.

2005

Inroads Into China

We made a breakthrough in the China market via our maiden deal in Shanghai for a tenancy management solution for an up-market shopping and entertainment establishment.

**2008
-
2013**

Launched E-Business Products & DotNet

We successfully launched our new generation of e-business solutions with industry-specific functionalities and enterprise group services application, which leverage on the Microsoft.Net platform.

2017

Partnership with Google & Established IFCA Academy

We launched IFCA Accelerator Programme (IAP), a partnership with Google Cloud, to nurture and develop local prop-tech companies. This year also saw the birth of IFCA Academy, where IFCA will preserve industry-specific business knowledge and allow IFCA users to learn at their own pace and time.

2018

Recognition by Financial Times

We were recognised in the Financial Times' 1000 High-Growth Companies Asia Pacific 2018 list for recording a 45% revenue growth from 2013-2016.

**2019
-
2021**

The Next Generation Products

The Covid-19 pandemic up-ends traditional ways of working and accelerated the digitalisation of businesses.

We started development of our next generation products - the "X-series" suite of Mobile internet solutions - HRX, ContractX, HotelX, PropertyX. These are designed with the Fourth Industrial Revolution (IR4.0) in mind.

Today, IFCA has been established in Malaysia for over 30 years, China for 15 years, Singapore for 29 years and Indonesia for 27 years. Globally, we continue to support the growth of the construction, property, hospitality and human resource industries. IFCA continues to reinvigorate its business with new business models focusing on prop-tech solutions, services and improved customer service.
